

Aluminum-Fence.com Shipping Policy

Aluminum-Fence.com dropships most orders from our partner manufacturers. Free freight depends on order size and ship to location and varies by manufacturer. Residential delivery fees are separate from free freight and are due to the service involved and usually require smaller trucks. Liftgate service is included in most residential deliveries but is not guaranteed. Some orders are too big to fit on liftgates. Residential delivery fees can be waived if material is delivered to a commercial address or picked up from a freight terminal.
